

## Feed additives EU legislation and regulations

### **Description**

EU legislation and regulations for feed additives are complex and fragmented. Building up and maintaining knowledge of these regulations is a time-consuming activity. This course offers an excellent opportunity to acquire and apply thorough knowledge in a short period of time.

This training is executed in cooperation with the Dutch Feed Authorities. A unique opportunity to explore feed legislation with explanation of the Dutch Feed Authorities!

The following subjects are dealt with in this course:

- European feed and additives legislation
- gate keeper systems
- import from outside EU
- export
- labelling
- extralegal regulations such as GMP+ and FAMI-QS

### **Learning objective**

The participants know where to find relevant EU legislation and regulations and how to apply these.

### **Target group**

Employees in the world of additives, feed and pet food companies who are involved in the implementation of EU legislation and regulations relating to feed additives, as well as auditors of certification bodies

### **Language**

This course will be given in Dutch and/or English
