

Newly authorised feed materials and other developments in Risk management tools (June 2026)

Feed material (product code)	Remarks	As part of the risk assessment (RA)
Maize protein, enzymatic hydrolysed (1.196)	New risk assessment and new feed material	Maize protein, enzymatic hydrolysed
Starfish meal (wild origin) (10.025)	New risk assessment and new feed material	Starfish meal (wild origin)
Flower of sulphur (from oil refinery production) (11.550)	New risk assessment and new feed material	Flower of sulphur (from oil refinery production)
Insect oil (9.070) Insect protein meal (9.071) Insect larvae/pupae (live) (9.072) Whole insect meal (9.073) Insect larvae/pupae, dried (9.078) Insect larvae/pupae, frozen (9.079)	Updated risk assessment. Relevant changes: 1- Updated feed material name, definition and synonym: 9.070; 9.071; 9.072; 9.078; 9.079; 9.080 2- Updated table of processing aids: addition of sodium carbonate and sodium hydroxide 3- Updated whole flow chart 4- Updated table of hazards: addition of heat treatment as control measure for microbiological contamination at process.	Insect processing
Yeast, (dried), inactivated (12.005)	Updated risk assessment. Relevant changes: 1- Updated feed material and definition: 12.005 2- Updated table of processing aids: addition of sodium carbonate 3- Updated flow chart: detail 1, 2 & 5 4- Updated table of hazards: addition of finished product analysis as possible control measure for heavy metals and deleting polyethylene.	Yeast (dried), inactivated; Yeast extract; Yeast cell walls; Autolysed yeast
Ochrobactrum intermedium biomass, dried (12.032)	Updated risk assessment. Relevant changes: 1- Updated feed material synonym: adding FMR no. 009809-EN	Ochrobactrum intermedium biomass, dried

New authorized feed materials and other developments in risk management tools (June 2026)

Feed material (product code)	Remarks	As part of the risk assessment (RA)
Attapulgate extruded and heat treated (11.126)	Updated risk assessment. Relevant changes: 1- Updated feed material synonym: replacing FMR no.005914-EN by 11.7.1.	Attapulgate (powder, granular or extruded form)
Flower of sulphur (from natural deposits) (11.547)	Updated risk assessment. Relevant changes: 1- Updated feed material and risk assessment names: added "from natural deposits"	Flower of sulphur (from natural deposits)
