

Newly authorised feed materials and other developments in Risk management tools (June 2025)

Feed material (product code)	Remarks	As part of the risk assessment (RA)
Fermented fruits and vegetables (13.151)	New risk assessment and new feed material	Fermented fruits and vegetables
Calcium humophosphate (11.142)	New risk assessment and new feed material	Calcium humophosphate
Carinata seed meal (2.032)	New risk assessment and new feed material	Carinata products
Products from Bacillus subtilis rich in protein (12.033)	New risk assessment and new feed material	Products from Bacillus subtilis rich in protein
Potassium carbonate (11.511)	Updated risk assessment. Relevant changes: 1- New possible processing aid: Carbon dioxide; methane; air; water, demineralised; Sodium hydroxide; potassium hydroxide 2- Updated flow chart: new page, detail 4	Potassium carbonate
Algae oil, crude, degummed (7.041)	Updated risk assessment. Relevant changes: 1- Renamed risk assessment: from "Algae strains cultured under controlled fermentation" to "Algae strains cultured under controlled fermentation and algae oil" 2- New feed material: 7.041 3- New possible processing aid: pH improver; citric acid; sodium hydroxide; phosphoric acid; acidity regulators; nitrogen 4- Updated flow chart: detail 1 and new pages, details 3 and 4	Algae strains cultured under controlled fermentation and algae oil
Linseed oil, crude (2.061) Linseed meal (2.064)	Updated risk assessment. Relevant changes: 1- Updated flow chart: detail 2 and new page, detail 4.2	Linseed oil industry

New authorized feed materials and other developments in risk management tools (June 2025)

Feed material (product code)	Remarks	As part of the risk assessment (RA)
Grass fibers ensiled (6.030) Grass protein, moisture rich (6.008)	Updated risk assessment. Relevant changes: 1- Updated flow chart: detail 1	Products from bio- refinery industry of grass
Maize, broken (1.051)	Updated risk assessment. Relevant changes: 1- Rename feed material in Dutch: from "Maïs, breuk-" to "Maïs, gebroken" 2- Updated feed material definition: 1.051 3- Updated flow chart: detail 2	Maize milling industry
Brewer's grains (1.001)	Updated risk assessment. Relevant changes: 1- Updated flow chart: detail 3	Beer industry by-product
