Additional information:

In the unfortunate case that these explanatory notes contain incorrect values, the GMP+ C4 Tariffs 2022 document shall remain leading in the determination of the contribution at all times.

All mentioned discounts and surcharges shall only apply on the contributions relating to the year 2022.

- ¹ This rate is only applies if the Certification Body has correctly processed the registration reference in the database of GMP+ International.
- ² 40 % surcharge for each second and subsequent scope to be charged.
- ³ 10% surcharge for each sixth and subsequent scope to be charged.

Companies that voluntarily switch to another certification body during the term of the certificate, do not have to complete another payment of the contribution for the relevant year for the new certificate to be issued. All companies are only charged once a year by GMP+ International.
